Social Work Services

Many patients find it really helpful to talk with a Social Worker about their experience with cancer. Tell us what's going on, and we'll do our best to provide information, support, individual/group counseling and important referrals.

COMMON REASONS WHY PEOPLE CONTACT US

- · Financial issues
- Employment concerns
- Transportation needs
- Home meal delivery, home health care, and medical equipment
- Support in communicating with family, friends, or medical team
- · Caregiver issues
- Making decisions for future medical care (advance directives)

- End-of-life issues and hospice coordination
- Brief counseling for trouble coping and adjusting to your diagnosis
